S. B. No. 1512

A BILL TO BE ENTITLED

AN ACT

relating to a preference for products made of recycled materials in certain purchases made by the State Purchasing and General Services Commission.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Article 3, State Purchasing and General Services Act (Article 601b, Vernon's Texas Civil Statutes), is amended by adding Section 3.211 to read as follows:

Sec. 3.211. PREFERENCE FOR PRODUCTS MADE FROM RECYCLED MATERIALS. The commission shall give preference to products made of recycled materials in purchases made under this Act if:

(1) the products meet state specifications as to quantity and quality; and

(2) the cost of the product is less than 110 percent of the cost of other similar products that are not made of recycled materials.

SECTION 2. The importance of this legislation and the crowded condition of the calendars in both houses create an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days in each house be suspended, and this rule is hereby suspended, and that this Act take effect and be in force from and after its passage, and it is so enacted.

## FISCAL NOTE

TO: Honorable John T. Montford, Chairman  
Committee on State Affairs  
Senate Chamber

In Re: Senate Bill No. 1512  
By: Carriker, et. al.

FROM: Jim Oliver, Director

In response to your request for a Fiscal Note on Senate Bill No. 1512 (relating to a preference for products made of recycled materials in certain purchases made by the State Purchasing and General Services Commission) this office has determined the following:

The bill would make no appropriation but could provide the legal basis for an appropriation of funds to implement the provisions of the bill.

The bill would amend Article 601b regarding purchases made by the State Purchasing and General Services Commission (SPGSC) and giving preference to products made of recycled materials. Cost to the SPGSC for administration of such a program would be minimal, requiring some additional time for evaluation of product bids. However, program costs would be more significant since provisions of the bill would apply to all products purchased. Of the total \$1 billion in annual purchases affected by the bill, the State could expect to pay an average of 7.5 percent more for 5 percent of total annual purchases.

The probable cost of implementing the provisions of the bill during each of the first five years following passage is estimated as follows:

<u>Fiscal Year</u>	<u>Probable Cost Out of the General Revenue Fund</u>	<u>Change in Number of State Employees from FY 1989</u>
1990	\$3,750,000	-0-
1991	3,750,000	-0-
1992	3,750,000	-0-
1993	3,750,000	-0-
1994	3,750,000	-0-

Similar annual costs would continue as long as the provisions of the bill are in effect.

No fiscal implication to units of local government is anticipated.
